Subject No. 430.

Special improvement to Chik Devarayasagar nala.

Mr. T. Venkataramanasetti.

Summary of Representation.—The Chik Devarayasagra nala is the largest nala in the Taluk being 80 miles in length. It irrigates the lands of the Seringapatam and T. Narsipur Taluks and also of those of the French Rocks Sub-Taluk. The nala being narrow and no repairs executed to it, the water flowing in the nala is not sufficient for irrigation purposes particularly below the Dugge Marnahallipalya. Special improvement to this nala is under the circumstances called for.

Reply of Government.—It is not feasible to augment the supply in this channel at a reasonable cost. There is ample supply for existing cultivation during the irrigation season.

Subject No. 431.

A Sanskrit School at Krishnarajpete.

Mr. Seenappa.

Summary of Representation.—The establishment of a Sanskrit School at Krishnarajpete is prayed for.

Reply of Government—Noted.

Subject No. 432.

Government buildings for schools at Krishnarajpete.

Mr. Seenappa.

Summary of Representation.—There are four schools at Krishnarajpete *viz.*, (1) one Anglo-Vernacular School (2) one Hindustani School, (3) one Kannada School and (4) one Girls' School. These schools are held in rented buildings in the heart of the town and are all ill-ventilated and have no play grounds for the pupils to play. Pray that Government buildings may be constructed with large compounds for boys to play in.

Reply of Government.—Noted.

Subject No. 433.

Repairs to sluice of Hosaholalukere.

Mr. Seenappa.

Summary of Representation.—There are three sluices to Hosaholalu tank. They are badly in need of repair which it is prayed may be kindly ordered to be executed soon and the channels drawn from the tank be extended.

Reply of Government.—Noted.

Subject No. 434

Remission of kandayam on lands below the Valagere Mensa tank.

Mr. Seenappa.

Summary of Representation.—When a representation was made at the last meeting for the remission of wet kandayam on rice lands situated under the Valagere Mensa tank, the Government was pleased to observe that the matter would receive consideration. This promise remains unfulfilled with the result that the land owners have suffered loss. Pray that early orders may be issued in the matter.

Reply of Government.—To the Revenue Commissioner for enquiry and report.

Subject No. 435.

Reconstruction of the Hemagiri anikat.

Mr. Seenappa.
,, Lingegowda.

Summary of Representation.—The Inamdars are not able to re-construct the Hemagiri anikat and the lands situated under the nala drawn from it are lying fallow. Early orders may kindly be issued for the re-construction of the anikat and for the excavation of a nala to feed the Mothi Talav.

Reply of Government.—The member is referred to the recent orders passed on the subject. The question of feeding
